Mr. Robert Slevin

Dear Mr. Slevin:

Thank you for participating in the program we offered for our secretaries during Professional Secretaries Week. Your willingness to speak and to share your expertise contributed greatly to the success of the program. The attendees found your presentation both interesting and informative.

I hope we can continue to offer this kind of program. Our secretaries were exposed to a wealth of information, and we gleaned many ideas for possible revisions to our curriculum. As the opportunity arises, we will call on you to help us develop and present these revisions. In the meantime, if you have any questions or any other information you wish to share with us, please call

STAT

Sincerely,

STAT

Director of Training and Education
